Description: Long Black luxurious fibre , beautiful Ears and a charming sweet temperament.

Playboy was one of the first offspring born at Hidden Pasture Ranch and remained with us until his death.

Playboy enjoyed going on working holidays. He spent time on the East coast, 5 years in the West coast returning home for a quick holidays and in 1999 returned to Chrysler and had some local vacations. We took Playboy to several CLAA conferences, displayed him at Legacy Classic & Okanagan sales also several parades. We could always count on him being the perfect PR llama. Playboy's sire \* Bandolero was featured in Llama Life II Winter 2000-2001 as the Legendary Sire.
